

101 Things to do with a Hat!

Put on your thinking cap, because it's time to get creative! How many things can you do with a hat?

Step 1: Find a hat. It can be a baseball cap, a wooly hat, a top hat, or any other kind of hat.

Step 2: Put on some tunes! Or if you don't have any, ask someone in your family to sing a song for you.

Step 3: Toss the hat from person to person. If you are playing by yourself, then just dance to the music!

Step 4: When the music stops, whoever is holding the hat has to come up with a creative thing to do with a hat. Could you eat out of it like a bowl? Toss it like a frisbee? What else can you think of?
